Competition

Competitors	BeReal's Edge
Instagram	Friends-first, no public likes, dual camera sharing
Snapchat	Daily prompt, post-before-view, daily real-time engagement
TikTok	Real people you know, not algorithm-first discovery

Strategic Priorities and Challenges

Top Priorities

- Grow advertising through native ads and brand partnerships.
- Preserve authenticity while improving monetization.

Challenges

- Slowing user growth and download trends.
- Monetization vs maintaining authenticity.
- Dependence on one dominant audience (Gen Z).
